## Better user experience

Up to

**38% better**

PCMark<sup>®</sup> 10 benchmark scores over Gen4 SSDs<sup>1</sup>

## High capacity

Up to

**4TB**

for massive storage options

## Security

**SPDM-enabled**

and critical security features, such as SED, SEE, TCG Opal, TCG Pyrite and DICE

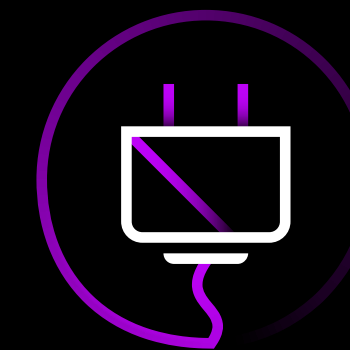

High-speed storage.  
Energy efficiency.  
Optimized for AI.

Up to

**14.5 GB/s**

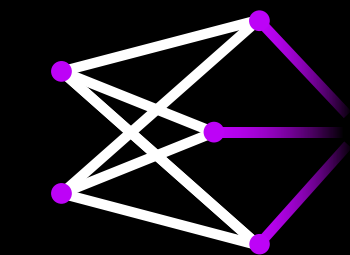

sequential read speed is over 2x Gen4 SSDs<sup>1</sup>

Up to

**107% better**

random read and write energy efficiency over Gen4 SSDs<sup>1</sup>

Less than

**1 second**

to load a large language model (LLM)<sup>2</sup>
